Sub: - Centralisation of DAD DDOs work w.e.f. 01.04.16

On review of centralization of pay related work of DDOs consequent to implementation of TULIP from 01.04.16, the Competent Authority has taken the following decisions which may please be complied with immediate effect.

- 1) After the implementation of TULIP from 01.04.16 all the pay and allowances and pay related bills **except LTC advance and OPD bills (other than emergency)** are being processed at AN Pay Section of Main Office. The present system will continue until further orders. Hence it is requested that the bills may be submitted accordingly. The existing delegation of powers to the in charge of respective DDOs may be treated as modified to this extent.
- 2) It is learnt that IT & SDC is testing a system wherein other DDOs will be connected to TULIP through WAN and the respective DDOs may make payments themselves. Once the system is tested and made available by IT & SDC, the Competent Authority will take a final decision regarding further centralization of pay related work of respective DDOs.

PCDA has seen.
